19th District Internship Association

Mission: To provide qualified college students of the 19th Congressional District an opportunity to understand and take an active part in the democratic process of our Federal Government.

Vision: The vision of the 19th District Internship Association encompasses governmental climate and national culture. It is designed to connect all the pieces of our system so that these exceptional students from the 19th Congressional District are given an opportunity to participate in our government's everyday transactions.

History: The 19th District Internship Association was created in 1977 as a community involvement, good government initiative to provide financial sponsorship for college students from the 19th Congressional District to work in the offices of our Congressman each summer. Internships give students a chance to be a part of government in action, with opportunities to attend hearings, draft response to constituent letters and research issues, as well as to provide staff support services.

Since its inception in 1977, the Internship Program has been extremely successful in annually sending a significant number of enthusiastic students to Washington for a first-class, first-hand experience with their government.

To support the program, Association members are invited to an informal banquet in the 19th District each spring to introduce the interns, new Association members, and guests to the current Association members. Occasionally the Association also organizes a bus trip to Washington for an exciting mix of business and pleasure. Association members and guests are invited to attend at their own expense.

What Happens During an Internship?

An internship gives students the opportunity to see first hand what transpires in a Congressional office. Each intern serves in the office full time for the summer, spending five weeks in Washington, D.C., and five weeks in a District Office. During the course of the 10 weeks, the intern participates fully in the duties of the office. Students are given the opportunity to attend committee hearings, session of the House and the Senate, and interact with other government agencies.

Who is Eligible for an Internship?

Any undergraduate college student who is a resident of the 19th Congressional District of Pennsylvania is eligible to apply for an internship. They may be attending any college or university of their choice.

How are Interns Selected?

Interns are selected based on academic performance, extracurricular activities, and a sincere interest in government. Computer and office skills are also a requirement for selection. All final candidates for internships will be interviewed by the Congressman and/or his Chief of Staff. The selection of interns is made on a non-partisan basis.

Are Internships Paid Positions?

The internship is an educational opportunity. Interns will receive a weekly stipend for basic expenses for this internship experience.

Where are Interns Housed?

While an intern is working in Washington, D.C., housing is provided at no charge at an area university, within walking distance to public transportation. Housing is not provided while the intern is working in the District Office.

When are the Internships?

Internships are available from May 25 through July 30. Applications must be received by December 15 to be considered for a summer internship.

Where Can I get an Application?

Applications are available in the following locations:

- **Download a PDF copy from the Web**
You can download a PDF copy of the application form from our website at www.19thDistrictInternship.org
